

Journal–Chase Africa

Makefile

This is what my makefile looks like graphically at the minute:

Monday 29.10.2018

1. Initialise repository
2. Move data into `raw` data folder, make sure not in repository.
3. What are the data files?

2012-18 CHAT data summary CP.xlsx

Sheets:

CHAT data summary individual years (7 sheets) and summary all years (1 year)

Tables:

Row (case) - individual clinic

Column (variables):

- date of day-clinic
- venue
 - (also additional information about cost sharing?)
- *amount* / date funding received
 - there are amounts in Ksh and £, additionally also apportionment of money?
- *Mobilization, education* (Male, Female, Total)
 - two rows per ‘case’, not clear if this is to do with the individual grants?

- *Youth Out of School sensitised on RH/FP Mobilization, Ecological Sensitization* (Male, Female, Total)
- *LONG TERM METHODS (5/3yr split not provided so 50:50 assumed)*
 - divided into 5yr, 5 yr rep, 3 yr and tubal ligation
- *SHORT TERM METHODS*
 - divided into Depo and pills (3 months)
 - Also “pills No new” and “pills no.rev”, but these seem to be counted differently?
- *TOTAL FP* - total family planning
 - derived = sum of long and short term methods
- *CYP TOTAL* - couple years of protection
 - derived from long and short term methods and a set of CYPs e.g. 3.8 for 5 year implant = these are all contained in the formulas!
 - 5 year implant/rep = 3.8
 - 3 year implant/rep = 2.5
 - Depo 1st/ Depo rep = 0.25
 - Pills (3 mths) = 0.2
 - Pills 6 mnth = $1/2.2 = 0.4545$
 - Pills 1 mnth = $1/15 = 0.666$
 - nothing on the other two pillse oclumns 'no. new and no. rev“?
- *cost per person* and *Cost per CYP* derived from dividing amount by FP total and CYP total
- *CONDOMS* - in guess units?
- *Integrated health services* (NA 2011/12)
 - *Primary health care* (NA 2011/12)
 - *TB - contacts traced* (NA 2011/12, 2013, 2016, 2017)
 - *TB household education* (NA 2011/12, 2013, 2016, 2017)
 - **TB - defaulters traced“** (NA 2011/12, 2013, 2016, 2017)
 - *HIV/AIDS VCT - TEST* (NA 2011/12)
 - *HIV/AIDS VCT - +ve* (NA 2011/12)
 - *Deworming children* (NA 2011/12, 2013, 2014, 2015)
 - *Immunization* (NA 2011/12, 2013, 2014, 2015)
 - *Implant removal* (only 2018)
 - *Basic health care* (only 2018)
 - *maralria test test/+ve* (only 2018)
 - *cancer screening test/+ve*(only 2018)
 - *hep B test test/+ve* (only 2018)
- *persons with disabilty FP* (only 2018)
- **persons with disavility health services8* (only 2018)
- *Health services only* - derived from primary health care, TB contacts traced and HIV tests, and deworming and immunization when available - sum
- *Helth & Family planning* - derived sum total family planning and health services.
